CONTENT

This qualification is for learners who want to work within the beauty industry. The qualification consists of 1 mandatory unit with a total of 50 hours of Guided Learning (GL) to achieve the full qualification.

The main skills the learner will perform are:

• Care of the hands and feet – to include nail care, exfoliation, massage and nail painting

The learner will also learn about related health and safety and client care and communication which is essential in order to work and be successful in the industry.

This qualification also provides:

• The related knowledge and understanding required to perform the manicure and pedicure skills listed above effectively in particular the anatomy and physiology of the skin and nails and common diseases and disorders that may affect when a client should or should not receive treatment

• Opportunities for learners to focus on the development of their wider skills in a manicure and pedicure setting, such as communicating with clients, working with others and problem solving

• Opportunities for learners to develop a range of skills, techniques, personal qualities and attitudes essential for successful performance in employment as a manicurist/pedicurist

GRADING OF THE QUALIFICATION

Learners must achieve a Pass grade or higher in the requisite number of units as specified in the rules of combination, see table 1 above. Only mandatory units which are graded Pass/Merit/Distinction will contribute to the overall grade.

Practical examinations and theory examinations will be graded Pass/Merit/Distinction.

Portfolio of evidence containing the following will be graded Pass/Fail:

- Treatment evidence

The overall qualification is graded Pass/Merit/Distinction.

Grade boundaries for units and the overall calculation for the qualification grade are open to annual review. Following this review, these boundaries and overall calculations can be adjusted by VTCT Skills (ITEC). This review and possible change within a qualification are to ensure the standard of the qualification grade is upheld throughout the qualification's lifecycle.

THEORY EXAMINATION

All theory tests must be conducted in a controlled environment and follow the procedures defined by VTCT Skills (ITEC). The theory tests will be set and marked by VTCT Skills (ITEC).

PRACTICAL EXAMINATION

Once all aspects of the mandatory units have been completed, learners will be expected to complete an internal practical assessment. This will be undertaken by the internal assessor/lecturer using the internal assessment forms. These will be handed to the external examiner on the day of the final external practical examination. All practical assessments must be conducted in a controlled environment defined by VTCT Skills (ITEC). The practical examination will be conducted by an external examiner.

PORTFOLIO OF EVIDENCE

Learners are required to provide a portfolio of evidence containing treatments and/or case studies that they have performed on clients during their training under the supervision of the lecturer who will monitor the quality of the treatments in order to ensure that they meet the criteria.

• The criteria are detailed on the treatment evidence guidance forms

• The learner will need to complete a client consultation form as evidence that they performed the required number of treatments during their training time as they form part of the internal assessment for the qualification. They can be stored in the learner's portfolio.
